

HUNTER VALLEY EQUESTRIAN CENTRE

March 2017

Hi Everyone,

March was the month of extreme weather – very hot and very wet. Many competitions were cancelled or postponed, but eventually competitors from HVEC managed to compete at dressage events in Sydney and Singleton, attend Newcastle Show, Hunter Valley Dressage, Alexander Park Dressage and at pony club. There were some great results and everyone was happy to start the year in a positive way. The training never stops. The indoor arena allows every rider, every day, to train but it does mean a lot of watering, grading and track digging. I'm sure everyone appreciates this.

Rubenesque, Rufous Fantail and Rionnarc are preparing for the Sydney CDI. The best horses in Australia will compete from 27-29 April. Lots of

owners are going to watch and support this great event.

Just some housekeeping notes for the smooth running of HVEC:

- Please sweep up after your horse when tying up in the stable block;
- Please remember to pick up your horse's manure from the indoor arena;
- If the wheelbarrow at the indoor arena is full please empty onto the outdoor arena;
- Especially when it is so wet please do not drive or ride on the grass areas but stick to the roadways/pathways;
- If you are here in the afternoon please rug your horse before you go.

Bye for now, *Shaun*

HVEC riders out and about...
